

Number of Places Put Under Orders For Condemnation

Pasture Cattle Order Removed Upon Complaint of Home Owners

With new enforcing ordinances in effect, Sanitary Police N. P. Willis, presented to the Commission, Wednesday night, several notices of complaint against property owners, who have property subject to condemnation, for lack of proper sanitary conditions in their facilities. These notices give the property owners 30 days in which to present causes why the order should not go through as directed. These notices were filed against Mrs. J. L. Rutledge for property in the negro quarter, and her building on Main street; Leroy Winkley, 701 Ave C; and Katy McNeil, rooming property on 1st and others, as soon as complaints can be served.

Residents of Sylvia Heights, headed by Jack Thompson, in regard to the cow pasturing and fly menace, for the second time appeared before the commission, asking for relief. Inspector Willis and Commissioner Richmond both reported that they had made inspections, and had found the property in the section, but from what cause they would not venture to state. Mr. Knight, who had his cattle pastured, was directed to remove same and clean up the field, for a period of 60 days. The pasture field and territory around will be heavily sprayed as well as other sections where cypress refuse had been spread, which practice had been stopped.

Bids were received for the supplying of the city's need for water, and the contract was placed by the Standard Oil Co. The Sinclair-Kirchman Corp., Shaw Bros. However, they are being considered for the contract over for study, and new bids may be asked on City specifications forms, as to just what specifications the city requires. The company representatives recommended that the city purchase its own fueling equipment such as tanks, pumps, grease racks, as it would mean a saving to the city, and be a help to the distributors. The plan for matters arranged so that the business can be divided or rotated among the local bulk station.

The Clewiston Motor Company gave the only bid for supply. (Continued on page 4)

Masonic Lodge Pays Homage To Geo. Washington

The natal day of George Washington, prominent in Masonic circles during the early days of the Revolution, was observed in Belle Glade Lodge No. 273, F. and A. M., on Tuesday night, with a good assembly of craftsmen present, including a dozen visitors from other lodges.

Worshipful Master L. E. Will introduced Illustrious Brother and District Deputy Grand Master, Irvin Heugland, of Lake Worth, as the guest speaker of the evening, who spoke upon the subject, "Washington the Man and Mason".

Entire State Is Working On Our Flood Plan Project

The immensity and importance of Florida's water problem is nowhere better illustrated than in the cooperative activities of all political and civic groups in the state that are trying to solve it.

The Chief Engineer of the State Division of Water Supply and Research, Col. A. G. Matthews, said that the fact that by explaining the functions of the water conservation agency.

"In the first place," Matthews said, "for the past two years we have had the tremendous amount of money being poured into the \$200,000,000 Florida flood control project. It is a job with which Federal, State and many local groups and communities have been concerned."

"We are glad to have the assistance of this program. We will continue to give our utmost effort to it. And we want to express our deep appreciation to the Corps of Engineers for the vital and essential part they have played."

In further explanation, Matthews said that the division has cooperated on numerous projects during the past few years, and that the division has cooperated on numerous projects during the past few years, and that the division has cooperated on numerous projects during the past few years.

They were Governor Fuller Warren, former Governor Millard Caldwell, Senator Claude Pepper, Speaker of the House, the University of Florida, State Board of Health, Everglades Drainage District, the Congressional delegation, State Legislators, Citizens Committee, on Water Control, State Board of Commerce, State Chamber of Commerce, City and County Commissions, the Farm Bureau, the Cattlemen's Association, the Florida Geological Survey, the U. S. Geological Survey, and many other groups, individuals and agencies.

Sam Sanders and Joe Williams, negro employees of the State Highway Dept. on the Conner's highway south of Canal Point, Sunday morning, got into a drunken fight over the ownership of a bottle of liquor. Results, Williams is dead, and Sanders is in custody on a charge of murder, the latter having been apprehended by Deputy Sheriff Frank O'Connell. Sanders used a knife to carve up his victim.

Mrs. Virginia Lively who made a speech at the Trade Mart on Monday night, and discussed plans for a second such occasion at a meeting of the Chamber of Commerce to be held Friday night at eight o'clock at the City Hall.

Conservation Work In Florida Making A Fine Record

Game Commission Cutting Down Fish, Game and Forestry Violations

One of the most important and active of the State Boards is that of the Game and Fresh Water Commission, which has control of fishing, game hunting, and conservation. The five commissioners and their agent Ben Morgan, are alive and well, and are very active.

The Commission has just released the information containing in its biennial report, and it is amazing what has been accomplished through its progressive management. The 1947-48 program was the largest and most pretentious in the history of the Department. It places the state of Florida in the position of all the 48 states.

The outstanding projects which have been promoted and made effective through investigations, land acquisitions for public hunting purposes; uniforming all wild life officers; instituting codes in a new law enforcement; expanding its personnel and equipping them with up to date enforcement equipment; and instituting law enforcement work. Fast cars, air planes, power boats, and other equipment for operators have been supplied, which has cut down game violations markedly.

The game hunting and fishing is being done in Florida at the present time in its hundred years of existence. There were 22,000 fishing licenses issued in 1948 and more than 100,000 hunting licenses. Wild life officers, or game wardens, during the year made 3,875 arrests for game and fish violations and 4,800 of them were convicted. In the waters of the state there are 100,000 black bass were "planned" supplied from lakes, streams and hatcheries. The deer population of the state is estimated at 32,613; and the wild turkey, 27,719.

In the waters of the state there are 100,000 black bass were "planned" supplied from lakes, streams and hatcheries. The deer population of the state is estimated at 32,613; and the wild turkey, 27,719.

There is one thing that has never happened in Belle Glade and that is a true tent show. But one is likely to be booked in here for the date of March 19th, under the sponsorship of the Lions club. Contracts have been signed and approved by the club with the Rogers Brothers, a ring circus, which has winter headquarters in Edison Ga.

The company is making its initial show circuit in Florida this season, and have booked in north, central and south Florida to show the fact that the Shriners, Tall Cedars of Lebanon and Lions clubs, playing Ft. Myers, Homestead and Key West in this season.

Knife Arrest To Be Given A Mental Examination

Willie Stevens, colored veteran, seems to be a man of much trouble, especially when he is possessed of a cutting knife. His record shows FBI arrests and local arrests in numerous places.

Willie got into trouble with one Sam Brown, and cut the latter up with a knife. The case was taken to the Police. Billy Taylor caught the man immediately after he did the deed. Stevens was fined \$60 and costs in the bar room fight. Stevens was fined \$60 and costs in the bar room fight. Stevens was fined \$60 and costs in the bar room fight.

Edzie Terry, picked up for intoxicated driving, lost his driving license for a year and was fined \$50. He was also fined \$50 with the police court clerk. Lewis, beat up Lottis Johnson, in a jealous fit, and was fined \$50. His two offenses cost him \$40.

The past week end and the police department has had for several months.

Elk Golfers Will Play Tournament At Ft. Pierce

Announcement was made at the 1948 session, Monday night, that the next district golf tournament would be held at the Ft. Pierce golf course, at Ft. Pierce, on Sunday, March 27. The tournament will be held at the Ft. Pierce golf course, at Ft. Pierce, on Sunday, March 27.

The preparation for the Elk ritualistic contest at Fort Lauderdale on March 26th, the staff officers conferred the ritualistic work on Dr. Victor Morgan, and George Lorton, local vegetable buyer. Lorton, never will forget the situation he was placed in by Harold Rubin, or the most able defense that Jimmy Ball put up, against the serious accusation. Even with that Lorton kissed goodbye to the ten dollar bill, which by devious manipulations reached the Charity box. The promoter, Dr. Victor Morgan, made a novel one in Elks circles, but the brothers thought it sounded good and accepted it.

A proposition was made concerning the need of an air lung for the Belle Glade Hospital, and the need of a new ambulance. The matter was filed for future consideration.

Generous Shower Refreshes Earth And Pasture Lands

Produce Demand Continues Strong and Prices Remain In The Profit Making Range

That shower which fell over most of the Glades, late Monday afternoon, was not a bit unweelcome to the farmers, or to the crops either, as the soaking will bring enurement to both man and plant. The crop which is now fastly maturing is one which has been produced without heavy moisture, except the morning dews and showers. Some growing crops were quite severely threshed by the winds so far as the bushes were concerned.

One prominent packing house manager stated to the Herald that all marketable produce which could be placed for general sale would be included in the produce being sold, and that prices were still favorable, with a profit in them to all handlers. Beans having been going out of Pahokee and Canal Point in limited amounts; but next week will likely find them picking in from throughout the entire area. Present market demand for green stuff is good in the northern and western markets. Celery continues in good demand, and the prices are running from the \$4 to \$6.00 a hamper, according to type and quality.

Tom Kirk, manager of the Pahokee State market, opened that market on Monday, and declared that a auction platform will be operated there this year, with sales five days a week, open to both growers and packers. Samples of offering will be on the platform for buyers to examine and buy if they desire. The market will be continued on page 4.

Carnival Leaves Belle Glade To Show At Delray

Pell's Broadway show, which showed here the past week, under the auspices of the Veterans' of Foreign Wars, closed up on Saturday night, and moved their show caravan to Delray Beach where they show this week.

Friday and Saturday the carnival did a very good business and the patrons expressed appreciation of the clean and orderly manner in which affairs were carried on at that location. The Belle Glade police stated that this was the easiest handled carnival aggregation that has ever been here, and that no serious trouble needed their attention.

The Veterans' organization was well pleased with the patronage afforded their first trial at holding a fair, and express their appreciation to the local year their play to have a fair atmosphere about their offering, and no such much carnival.

GOLF CLUB PROVIDES VARIED PASTIMES

The ladies of the Golf Club under the direction of Mrs. Ruby Kirk have begun an ambitious campaign to stimulate interest in the Club and to provide wholesome entertainment and diversion for members.

One of the most successful occasions yet at the Club was the combination buffet supper and dance Saturday night. The ladies fixed "pot-luck" dishes with the meat furnished by the organization and close to 300 persons were fed.

Pop Lord, Little Doc and Ben Gerning, who were the emcees, and dancing was enjoyed. Home folks and their guests enjoyed the evening. Mrs. Ida Creech took over the front porch and added new furniture and completely changed its appearance to a very attractive lounge.

This afternoon a luncheon and "ladies day" activities will be enjoyed by a large crowd. The ladies of the club will be indulged in by the ladies, as they desire, following the lunch.

Polly Jenkins and her musical pals, Uncle Duke and the Rose, will present a stage show at the High School Auditorium on Friday, March 4th, at 8 p.m. This show will be given by the school and Senior Class with a percentage of the proceeds being divided between them. The Senior's plan to use their share for graduation expenses.

This trio of musicians have shown here before at the school and many will remember their outstanding performance. They have been heard over the National Broadcasting Company, Columbia Broadcasting System, the Mutual System and ABC chain on coast-to-coast radio.

The Campbells have become part of the social, cultural and business life of the community and they will be missed by many organizations and friends. Bond roads, Red Cross campaigns, Scout efforts, as well as church work have felt the Campbells influence, as has the Chamber of Commerce and other local undertakings.

The best wishes of the community go with Milt and his family in their new work, which is one of much responsibility and is a larger field.

"Muddy Waters" Stirred Up In Overall Flood Control By Many Conflicting Ideas

Milton Campbell Goes To New Job In Marion, N. C.

Milton Campbell, President of the Florida National Bank at Belle Glade will enter a new position as Executive Vice President of the First National Bank of Marion, N. C., effective March 1st.

Mrs. Campbell and daughter Governor's Citizens Committee Progress Tax On Fuel Oil and Kerosene Governor Warren's "poor folks" or "wobbin class" tax, as he has referred to the proposed fuel oil and kerosene tax, doesn't add up unless he got his information from a source different from that used by HIS Citizens Flood Control Committee.

Figures presented at the meeting in Orlando as being compiled by the Federal Government, show the following: Gas and Electric Plants, 30.5 percent. Mines and Manufacturing, 20 percent. Trucks, Dredges and Road Oils, 5.0 percent. Railroads, 8.1 percent. Heating oils—poor folks, 6.7 percent. Vessels, 5.5 percent. Range oil—poor folks, 5.9 percent.

Tractor fuel—poor folks, 13 percent. Miscellaneous—maybe poor folks, 11.0 percent. These are the percentages out of a total of 916,398,000 gallons given for the year for '47. The committee estimated that a half cent tax on this, which would be about as universally applied as suggested, would bring in \$450 million.

This suggestion was discussed and unanimously recommended by the committee. The committee had two members of the legislature who will largely write the bills in the next legislature. A recommendation by HIS committee preceded this one. The committee was given the present Overall Flood Control program with the federal authorities as well as any other conservation projects throughout the state; this gives the substance to the "state wide" advantages.

Another demonstration of the desire to secure the matchless. Continued on page 4.

Ben York To Take Agricultural Class On Western Trip

Ben York, a graduate of the Pahokee High School, and later an Agricultural Department student at the University of Florida, who has a legion of friends throughout the Glades area, this year, is teaching Vocational Agriculture in the High School in Miami, and is making a good record in that position.

Ben came up to Belle Glade, on Tuesday, to buy some special sweet corn seed, which his Ag boys will plant on his Al-brook truck driven by Olden Hamilton, a Pompano negro; coming from the other direction.

The local police and Flood Police Sheriff were soon on the scene of the accident and took charge of affairs. McNunn was taken to the Belle Glade Hospital, where it was found that he was in a critical condition from abdominal injuries, and while improved at the latest report, is still in a serious condition.

The contact of the car and truck, was such that many negroes were thrown from the truck to the highway and road, but report was that none were seriously injured. The McNunn car was badly damaged, but the tractor and truck being more sturdy build, sustained only nominal damages.

Both Post and Auxiliary held short sessions on Tuesday night, when reports were made on the day, and a large delegation was being very satisfactory. The entire delegation went to South Bay at night, to meet the Legation party at the school grounds.

Oliver Wendell Holmes says, "The training of a child should begin a hundred years before the child is born." George Washington's was. Born February 22, 1732, he was baptized when eight weeks old and united with the church at 13 years. He became a working member. He proved his faith by his works. Bay at night, to meet the Legation party at the school grounds.

Continued on page 5

OBSERVATION and Comment By John M. Glodhill

This is the month that George Washington, Abraham Lincoln and George Washington were born. Have read many stories about the "Father of Our Country" but never anything about his eight weeks old and united with the church at 13 years. He became a working member. He proved his faith by his works. Bay at night, to meet the Legation party at the school grounds.

News Of Belle Glade Negro Schools
By Negroes—For Negroes

On Monday night, February 22, Mr. William Mason Cooper, director of Summer School of Hampton Institute was Forum speaker at Mt. Zion A. M. E. Church. Mr. Cooper came to us through the courtesy of the Van guard Club of West Palm Beach and Business Men Club of Belle Glade.

Mr. Cooper gave a very interesting address which was a source of information for everyone present. He stressed the importance of preparation of one's self to meet the various economic problems in life. He also stressed the need of effort to do several things with sincerity and earnestness forgetting the requirements of the job but going beyond to do a good job.

Lions Entertain Ladies at Country Club Function

An event that is always looked forward to by members of the Lions club, and especially the ladies, is the Ladies Night event. Such a function was observed at the Country club on Thursday night, and was attended by around 175 guests, and every one had a most pleasant evening of entertainment. The dinner menu was turkey and trimmings.

Chairman "Dug" Wooten of the Entertainment committee, had arranged an excellent program, with Buckner McNulty of Melbourne, an International Director, as the guest speaker of the evening, and he gave a most interesting address along Lion activities. Lady guests were presented with souvenirs of the occasion. Dancing was enjoyed after the program hours.

A feature was the presentation to Randall Dickinson, Ralph Kirk and Frank Hobson, ten Lion membership certificates.

C. H. McNulty, the guest speaker, in his talk on Lionism stressed the growth and strength of this organization. He is president of a chain of banks through central Florida, and is expected to be a candidate for the office of third vice president this year at the International Convention in New York.

New Drinking Fountain Installed at Police Station Headquarters

After many months of waiting, the Police Commissioner Frank Dooley, has managed to get a drinking fountain installed in the office of the police department. The fountain is of the mellow beer or cider type, and is most appreciative. The outside-door barrel cooler will go out of operation. "Boss" Charlie

From where I sit... by Joe Marsh

How's Your Listening Time?

Buck Howell and I were in Bales last week. Dropped in at Bob's diner where some friends were sitting around talking about whether to sell now or wait.

"Buck," they began right into the discussion. He's lecturing away when suddenly they all stand up and start stamping their feet like it was an Indian war dance.

I'm flabbergasted, but Buck only looked sheepish and explains, "Gee, I was talking again, when I should've been listening. When a person's talking time gets out of line with his listening time around here, the gang reminds him by standing up and stamping."

From where I sit, that's a good system. Everyone has a right to his opinions—but others have a right to theirs, too—whether it's deciding between to sell or not to sell, apple pie or cherry pie, or a glass of mellow beer or cider. Life's more interesting that way, and hang it if you don't sometimes learn something!

Social Happenings

Mrs. Ruth S. Wedgworth has as her guests, Mr. and Mrs. Willis Rogers of Eaton Rapids, Michigan.

Larry Harris, son of Mr. and Mrs. Archie Harris underwent a tonsilectomy at the Belle Glade Hospital last week.

Mr. and Mrs. Robert Watts and three sons attended the Community Methodist Church

here Sunday and were dinner guests of Mr. and Mrs. R. W. Kiddier. They are from McAllister, Penna., and visiting her parents, Rev. and Mrs. J. J. Jameson in Miami.

Mrs. Lucretia Simonon of Palm Beach was a recent guest of Mrs. Emma Greenwood at Camp Occola.

Mr. and Mrs. Benny Rich-

mond of Gainesville spent the weekend here with his parents, Mr. and Mrs. A. J. Richmond.

Miss Alice Cromartie who is interned as a dietician at a Boston hospital is visiting her parents, Mr. and Mrs. A. Cromartie at their farm in Lake Worth, and spent several days there this week with her brothers, Bill and Jack Cromartie.

DOROTHY LAYFIELD TO WED BILL JEFFRIES

Mr. and Mrs. H. R. Layfield of Lake Harbor announce the engagement, and approaching marriage of their daughter, Dorothy LaRue Layfield, to William Robert Jeffries, son of Mr. and Mrs. William Jeffries of South Bay.

The wedding will take place at the Lake Harbor Baptist Church on Friday, March 4th, at 6 p. m.

The bride-elect is a graduate of Belle Glade High School class of 1947, and has been employed by Murphy's Pharmacy as cashier.

Mr. Jeffries graduated from school in 1945 and is now a junior at the University of Florida in Gainesville where they will reside until he graduates next year.

No invitations are being issued, and all friends of the young couple and their families are invited to attend the ceremony.

IMOGENE HESTER REUNIONS ENGAGEMENT

Mr. and Mrs. J. E. Hester of Lake Harbor, announces the engagement and of approaching marriage of their daughter, Miss Imogene Hester to Jesse A. Barnes, son of Mr. and Mrs. A. B. Barnes of South Bay.

Both young people are natives of Florida and have made their homes in the Glades for a number of years.

Miss Hester is a graduate of the Belle Glade High School with the class of 1946. She is employed by the Okeelanta Sugar Company.

Barnes attended the Pahokee High School. He is engaged in the cattle trucking business with his father and brother.

Wedding plans will be announced later.

PUBLIC INVITED TO SCOUT SONG-FEST

All of the Girl Scout and Brownie Troops of Belle Glade, Pahokee, and Canal Point will have a song-fest tonight on the Pahokee dike beginning at 8 o'clock. Special acts and features including dances and songs will be put on by each troop.

Everyone is invited to come and sit around their camp fire and see and hear their entertainment.

Vegetable Train Wrecked On Seaboard System

A trainload of Florida citrus and vegetable shipped out of Jacksonville over the Seaboard system was wrecked near South Pine, early Sunday morning, piling up 29 cars filled with precious produce. No doubt some of the "greens" cars came

from the Everglades section, and the shippers will not get a prompt payment for their goods as a result of the wreck.

Band Attends Gladiola Festival

The Belle Glade Band left Monday afternoon about four thirty to attend the Gladiola Festival in Delray. They arrived there about six thirty, and went over to the beach where they lined up to march into town and drilled. After marching through town in the parade they disbanded at the football field where the gladiola festival was held. About twenty five or thirty other bands were represented and marched and drilled along with our band. Beautiful floats representing different organizations were decorated with gladiolas in honor of the festival, also the store windows and other displays. Majorettes who performed, beautiful girls in bathing suits, and other events also made up the festival. Billy Acree Honored

On Birthday

Mr. and Mrs. W. H. Acree honored their son, Billy, on his eighteenth birthday with a surprise birthday supper at their home in Chosen Sunday night. Only senior boys were invited and were as follows: Billy Joe Leathers, William Evans, Kenneth Bass, and Fritz Stein. After the birthday supper the group went to Cleveland Bowling. Mr. and Mrs. Acree were assisted by their daughters, Nanette and Peggy Acree.

V. F. W. PRONOUNCE FAIR HUGE SUCCESS

Due to the excellent cooperation of everyone, the Veterans of Foreign Wars found their first fair to be very successful in every way. This will be an annual project now and a larger and more complete display of Everglades products is already being planned for next season, according to Fred Ogle, fair manager for the V. F. W.

They wish to thank: The City Commission, Mayor, and Police Department as well as the merchants, and citizens for their help and cooperation. And also Mr. Leo T. de la who donated the use of his property for the fair grounds.

Mrs. J. R. Davidson Returns from Father's Funeral in Gettysburg

Mrs. Robert Davidson, of Southeast Fourth street, has returned home from a visit at Gettysburg, Penna., where she

LEGAL NOTICES

TO ALL LICENSED DEALERS IN THE CITY OF BELLE GLADE

The City of Belle Glade is desirous of receiving an application for a license to sell and deliver in the city of Belle Glade, Florida, a certain quantity of 5 percent DDT in quantity of 25 pounds or more.

The formula for 5 percent DDT is as follows: 1. It shall be a mixture of 5 percent DDT in 95 percent vegetable dust base containing 5 percent active gravity of 1.5 to 2.7 with a volumetric test of 1.5 to 2.7 per cent.

The City Commission will accept bids up until 8:00 P.M. March 19, 1949. The City Commission reserves the right to accept or reject any or all bids.

NEWS VIEWS

By E. D. DOUG

Well, the President is bringing back Eisenhower back to Washington as head man for the Joint Chiefs of Staff. It is anybody's guess what the various "brass" will do in harmony with the President.

It is a fact that the President is as reliable as a weatherman in a breeze, and when he starts laying down military facts nobody's going to ask him what he's got to say. When it comes to military, he is a fact.

That "the recall" doesn't mean conditions in your area are getting worse. You don't have to wait till you're driving off a cliff before you have your brakes inspected. Anybody who's had a car broken down, we're glad to hear it.

It is a fact that the Glades Drug Store is a fact.

It is a fact that the Glades Drug Store is a fact.

was called by the sudden death of her father, C. A. Hershey, who passed away on February 13th, with funeral services and burial on the 15th.

Mr. Hershey was a native and spent all his 74 years of life in Adams county, where he farmed and raised stock, and served the county on its board of commissioners for several terms. He was a member of the Elks lodge at Gettysburg and the Cashtown Volunteer Fire Department.

The surviving members of his family are: The widow, Mrs. Alice Hershey, to who he had been married 52 years; three daughters, Mrs. James B. Jones, of Arlington, Va., Mrs. J. R. Davidson, of Belle Glade; and Mrs. William Ridinger, and a son, Lt. Col. Richard Hershey, of the U. S. A., now located at Fairbanks Alaska.

Arrangements have now been made for servicing mechanical merchandise in the Belle Glade area, sold by Sears.

Call Or write, Sears, Roebuck and Company, West Palm Beach, Fla.

How Good Is An Opinion?

That depends on who gives it. And on what it is based.

Certified Public Accountants give opinions on whether financial statements of a business fairly show assets, liabilities, profits. The CPA's opinion is based on an independent audit—which means an extensive financial examination.

In this examination he tests a wide variety of the concern's transactions, enough to satisfy him that its records in their entirety are reliable.

This kind of opinion is an informed and expert judgement by a responsible professional man. Naturally the owner, manager, banker or creditor is reassured by this independent appraisal of a company's accomplishments.

State law restricts the privilege of rendering opinions on financial statements to those who have met rigid requirements. To better understand the reason for this, you may send for the pamphlet "What Does An Auditor's 'Certificate' Mean?" Address The Managing Director, Box 2433, University Station, Gainesville, Florida.

"MUDDY WATERS" (Continued from Page 1) ing funds—\$3,150,000 for the biennium—is in the recommendation that the General Revenue Fund. This gives the flood control program a double barrel shot at the money. The tax to be raised by the oil sales would be used to repay the general fund for monies expended on flood control.

It is disquieting to see our Governor so besieged by office seekers that he doesn't seem to have time to check over his press releases, or to have some competent publicity man scan it.

Unless the Governor is lacking woefully in legislative acumen—and a majority of the voters in the second primary evidently thought he did—somebody mistified when gubernatorial proposals for a 2 mill ad valorem tax were publicized, for experienced legislators know that this proposition would certainly be "the kiss of death" for flood control.

Now comes the Governor and attempts to chastise HIS COMMITTEE on Flood Control for a recommendation, and the Governor and HIS COMMITTEE are at variance as to who will pay the proposed tax.

HIS COMMITTEE was asked by him to make suggestions; it declined and unanimously has a 2 mill proposal and submitted one of its own—the oil tax.

There are really THREE important groups in running the State. The legislature is a necessary cog for enacting laws, the Governor must go along with signature and administration, and the CABINET keeps its finger in all phases of administration. The cogs that drive the wheels of the State of Florida must mesh without too much grinding.

May we humbly suggest to Fuller that he take his secretary staff into the Big Board room and make speeches to them before he turns the newsboys loose for there's some funny stories coming out about flood control—and WE KNOW YOU'RE FOR FLOOD CONTROL.

GENEROUS SHOWER (Continued from Page 1) reau has employed an auctioneer to conduct sales. This auction market will not interfere with the customary auctions held at the old established packing plants of the area.

William A. Reich, president of the United Fruit and Vegetable Association has warned the railway carriers that they are "playing with fire" when they attempt to place unreasonable tariffs on the produce growers and handlers. He claims the railway from a financial situation need the fruit and vegetable business, and therefore cannot be the goose that swallows the golden egg. Growers need rail service and will patronize it so long as profits do not all go to the railways.

All the big associations have gone on record condemning the continuance of federal taxes on transportation.

The recent conventions of the National League and the United Fruit Growers in Pittsburgh and Chicago were outstanding, and actions brought out many things tending to protect and build up

of the trade. Programs were considered and adopted that will give both units, or in combination, power and ammunition to fight against the many unfavorable hazards facing the business, mostly from rail rates and government impositions.

There are not many differential barriers existing in, and the aims of the two branches, and the proposed combination of forces is reported as gaining favorable consideration.

NUMBER OF PLACES (Continued from page 1) plying a Diesel engine for the city rock pit. The bid was for \$3840. The City pays \$1000 down, and the balance in 24 monthly payments of \$110.00 without interest. At bids for the piling and resulting of

the water towers were rejected, new bids will be asked upon city specifications.

Brown's Bass Still Holds First Place in Local Fishing Contest

"Jack" Brown's five and a quarter pound bass still leads in the February contest conducted by Farrish and Davis, but that is small in comparison to the 10 1-4 one caught by that Tennessee guide in January.

Solly Corbin states that a number of seven pound fish were weighed in at his dock Sunday and Monday, but they being visiting fishermen they did not bother to enter them in the contest.

According to the February issue of Wildlife, A. W. Rountree, of Gainesville, has captured a record sized black bass out of Kanapah lake which tipped the scales at 17 pounds and ten ounces. This fish is claimed to be the largest fish of its type caught in Florida waters in a quarter of a century. It was entered in the Field and Stream contest, for the Florida division. Rountree states that he had the time of his fishing life in battling the big fellow.

The largest bass of record caught out of Lake Okeechobee was caught by a Mr. Weeks, of Belle Glade, some 14 years ago.

NEW DODGE BUILT FOR TODAY'S TALLER AMERICANS

Entire Dodge Line Re-Styled to Provide More Head Room, Elbow Room, Leg Room at the Same Time Decreasing Outside Dimensions for Easier Parking, Garaging, Handling in Traffic.

DODGE STARTS WITH A MAGNIFICENT INTERIOR—and graciously holds the rest of the car around it. Here is room to "room around in"—plenty of room for the human body in positions that are natural and therefore comfortable.

Army statistics revealed that the G.I.s of World War II averaged 15" taller than the Doughboys of World War I. The same statistics showed they were also heavier and more active.

REPLACABLE FENDER—Moveable sheet metal fender action has been avoided. Fender units are easily replaced at minimum inconvenience and cost.

NEW GYRO-MATIC TRANSMISSION—Virtually eliminating gear-shifting, has been added to the well-known Dodge All-Fluid Drive. Gyro-Matic transmission, optional at extra cost. Other mechanical improvements include more powerful engine with increased compression ratio for faster acceleration, newly designed ignition system to eliminate interference with radio and television reception.

OBSERVATIONS

Continued From Page One
 a member of the building committee of all three. The Rev. Les Mossey said, "I never knew so constant a church attendant as Washington."

What he practiced before the public, he likewise practiced in private. The day was begun and ended with family devotions—the reading of the Bible and personal prayer. In his writings occur 80 different names for God.

Two documents reveal as nothing else a man's inner self: his diary and will. In his diary the two most frequent entries refer to church attendance and Bible study and prayer. In his will, item one reads, "I leave my personal Bible, which have used for years in my own personal devotions, to the Reverend Byron Lord Fairfax" (this pastor).

He stood foursquare against the most flagrant sins of his time — profanity, gambling, drunkenness. He lived like a Christian, he talked like a Christian, he died like a Christian.

The last audible words from his lips were, "Father, take me to thyself."
 —Elmer Ellsworth Helms

A real circus for Belle Glade will indeed be a great event for will indeed be a great event for children. A good wholesome circus is an education for anyone.

Dutch Wallis, city clerk, figured up that if the recent carnival had paid regular license fees as an independent show, rather than a sponsored affair, the fees would have amounted to around the \$4,000 mark.

With the exception of two off nights, the Belle Glade Glades, have been playing some mighty good basketball, and have chance for a good rating in the conference standings. As the season is near over, the same players will be conditioning themselves on the basketball diamond. Two defeats over Pahokee more than pleased the basketball fans.

put a "must" on the calendar for at least one visit to the Palm Beach Fair Exhibit at Morrison field. This event has been growing each year and this year it promises to be something well worth patronage. Our Glades will have an exhibit which will give visitors an idea of some of the things we raise, and pending improvements for the region.

Golden Rams Close Basketball Season With Vero Beach Loss

The basketball season in the Gulf Stream conference came to a close at Vero Beach, Friday night, so far as the Rams are concerned, and for the second time this season the Rams bowed to a stronger team, losing by a score of 55 to 39. Out of ten games played the Rams chalked up seven wins and three losses, being two to Vero Beach and one to South Broward which gives them a pretty good rating in conference standings.

The Rams will have a position in the Gulf Stream tournament at Ft. Lauderdale, playing the winner of the pairing game between Pahokee and Miami Tech on Thursday afternoon. Other games played over the week end resulted as follows: Delray, 35 Redlands, 33; Stuart, 36, Co. 28; Lakewood, 32; Bynum, 35; Pahokee, 32 Ft. Pierce, 30.

former Canal Point operator, has his farm plots there, and right now is picking prime tomatoes and squash which he saved, from the recent freeze. The Per Beach vegetable and cattle land is also on this road, and the novelist, is making a show place out of a part of his holdings.

TUBELESS TIRE CROSS-SECTION

The construction of the new puncture-sealing tubeless tire is shown in this cross-section. The special concentric ridges molded on the beads seal the tire against the rim and prevent air from getting out around the edges while rubber washers inside and outside the valve keep the air from escaping that way. The sealant on the inner side of the tread area, a thick, gummy rubber, gives the tire its puncture-sealing qualities. The B. F. Goodrich Company has announced that the tire is now available here for the first time.

This self-sealing tubeless tire is made only by B. F. GOODRICH and is now on sale at our station. We give a liberal trade in allowance for your old tires.

Come in and buy your new puncture-proof tubeless tire today.

The Home Demonstration Club will meet on Thursday, March 3, at 2 o'clock at the Recreation Hall. The topic will be

the direction of Rev. B. A. Osborn. The church would formed a New Years resolution at their first meeting in January to increase their membership. There were six members present at that first meeting of the New Year and last Sunday there were 26 present. They have set their goal at 30 members in attendance. Their present enrollment is now 33. For several weeks the average attendance has been 20 or more.

Three new members were initiated, namely Mrs. Mary Louis Hunt, of Bare Beach, Mrs. Madeline Barstow, of South Bay, and Mrs. Ethel Pratt, of Belle Glade. This brings the membership to 60 for the Belle Glade Groves.

A covered dish supper preceded the session, Eighteen members in attendance. Two meetings are held each month on the first and third Fridays. The next meeting will be on March 4.
